it couldn't be any simpler

Expand QuickScreen means immediate marketing. Present your message anywhere within 30 seconds. The digitally printed and laminated image provides outstanding quality. The image area is 850 mm or 1000 mm wide, and each width is available in heights of 2000 mm or 2180 mm. Use Expand QuickScreen individually, or place several units beside each other to create a picture wall as wide as you wish. Images can easily be replaced. Expand QuickScreen is delivered in a padded nylon bag, which is discreet and easy to carry. It weighs less than 5 kilograms and is accepted as carry-on luggage by airlines.
